Paper No. 14

Sir:

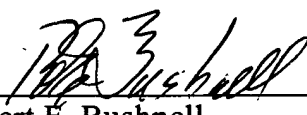

Per telephone conferences with the Examiner, Ms. Trang U. Tran and the Supervisory Primary Examiner, Mr. John Miller, on Friday, 4 March 2005, it is Applicant's understanding that, it seems that under the new internal system of the U.S. Patent & Trademark Office, the Applicant's Amendment After Final filed on 14 July 2004 was never entered, and that the outstanding non-final Office action (Paper No. 20041021) dated 3 November 2004 is based upon the non-entry of the Amendment After Final.

It is also Applicant's understanding that the Legal Instrument Examiner had never entered the Amendment After Final filed on 14 July 2004, but that the patent Examiner determined that the final rejection was incorrect, that the arguments set forth in the Amendment After Final were correct, and that the examination should be re-opened on the merits. Subsequently, the patent Examiner examined the then pending claims, despite the fact that the Amendment After Final filed on 14 July 2004 should have been entered.

It was agreed with the Examiner and the Supervisory Primary Examiner, that Applicant will prepare and file an Amendment in response to the outstanding Office action (Paper No. 20041021), but with the understanding that the Amendment After Final filed on 14 July 2004 had in fact been entered, and should have been entered as of today, the 4th of March 2005. In addition, the period for respond to the outstanding Office action (Paper No. 20041021) is now reset to expire three months from today, on 4 June 2005.

If Applicant's above understanding is incorrect, the Examiner is respectfully requested to immediately telephone Applicant's undersigned attorney.

Respectfully submitted,

Robert E. Bushnell,
Attorney for the Applicant
